PETITION FOR APPROVAL OF PLAN FOR FINALIZATION OF
EARLY ACCESS DISTRIBUTIONS FOR CLASS II GUARANTY
ASSOCIATION ADMINISTRATIVE CLAIMS, AND FOR PARTIAL
DISTRIBUTION TO CLASS III ALLOWED POLICY LEVEL CLAIMS**

PLEASE READ THIS ORDER CAREFULLY AS IT AFFECTS YOUR RIGHTS REGARDING A CLAIM YOU FILED AGAINST CONSUMERS UNITED INSURANCE COMPANY IN LIQUIDATION ("CUIC"). IF YOU DO NOT FILE A TIMELY RESPONSE TO THE RECEIVER'S PETITION FOLLOWING THE INSTRUCTIONS IN THIS ORDER YOUR CLAIM AGAINST THE CUIC ESTATE SHALL BE DETERMINED BY THE COURT TO HAVE THE PRIORITY CLASSIFICATION AND VALUE AS SET FORTH ON EXHIBITS 1 THROUGH 8 TO THE PETITION, AND THE RECEIVER WILL MAKE THE PARTIAL DISTRIBUTION TO THE UNDISPUTED ALLOWED CLASS III CLAIMS AS SET FORTH IN THE PETITION AND THE EXHIBITS THERETO. (If you agree with the recommendation as to your claim's priority classification(s) and dollar value and the Receiver's Partial Distribution Plan, you do not need to take any further action in response to this Order to Show Cause.)

WHEREAS, pursuant to 18 Del. C. § 5917(c), the Receiver of Consumers United Insurance Company filed the "Receiver's Tenth Claim Recommendation Report and

Petition for Approval of Plan for Finalization of Early Access Distributions for Class II Guaranty Association Administrative Claims, and for Partial Distribution to Class III Allowed Policy Level Claims” (the “Recommendation Report and Petition”) seeking to have the Court allow, allow in part, or disallow claims against the CUIIC estate which have not already been adjudicated by the Court, and seeking approval of a plan to finalize the early access distributions to the Guaranty Associations affected by the CUIIC receivership for their Class II (administrative expense) claims, to finalize certain early access distributions to the Guaranty Associations on their Class III (policy level) claims, to make a partial distribution of additional funds to assure that each Guaranty Association listed on Exhibit 2 to the Recommendation Report and Petition has received at least thirty-two percent (32%) of their Allowed Class III claim, and to make a partial distribution to the claimants with undisputed Allowed Uncovered Class III claims listed in Exhibits 3A and 3B to the Petition so that each such claimant will have received thirty-five percent (35%) of their Allowed Uncovered Class III claim;

NOW, THEREFORE, IT IS HEREBY ORDERED THAT:

**RECEIVER'S TENTH CLAIM RECOMMENDATION REPORT AND
PETITION FOR APPROVAL OF PLAN FOR FINALIZATION OF
EARLY ACCESS DISTRIBUTIONS FOR CLASS II GUARANTY
ASSOCIATION ADMINISTRATIVE CLAIMS, AND FOR PARTIAL
DISTRIBUTION TO CLASS III ALLOWED POLICY LEVEL CLAIMS**

COMES NOW, the Honorable Karen Weldin Stewart, Insurance Commissioner of the State of Delaware, in her capacity as the Receiver (herein "Receiver") of Consumers United Insurance Company in Liquidation (herein "CUIC"), who presents this Tenth Claim Recommendation Report and Petition for Approval of Plan for Finalization of Early Access Distributions for Class II Guaranty Association Administrative Claims, and for Partial Distribution to Class III Allowed Policy Level Claims (the "Petition"), pursuant to 18 DEL. C. §5917(c), and petitions this Honorable Court as follows:

I. Relief Requested

In this application, the Receiver seeks:

1. entry of an Order to Show Cause to the Claimants listed on Exhibits 1 through 8 to the Petition, in the form filed contemporaneously with this Petition, scheduling a hearing and establishing the procedures for such hearing. The Receiver further requests that the hearing on the Claims set forth in Exhibits 1 through 8 hereto be scheduled approximately forty-five (45) days after entry of the Order to Show Cause relating to this Petition. The Receiver believes that any objections by the Claimants have been resolved through negotiation.

Therefore, the Receiver is not seeking a hearing on the merits of any objections to the Receiver's Recommendation at this time. If one or more individual Claimants file an objection to the Receiver's Recommendation, a hearing on the merits of such claim(s) will be scheduled at a later date. Therefore, the procedure for this hearing does not require the Receiver or the Claimants to file substantive arguments, submit exhibits, or submit testimony in support of their positions at this hearing on the merits of these claims;

2. adjudication of the Claims set forth in Exhibits 3 through 8 hereto at the scheduled hearing except for those claims which have already been adjudicated by the Court pursuant to a prior Recommendation Report and except for those claims for which an objection is filed by a Claimant; and

3. a determination and entry of an Order by this Court pursuant to 18 DEL. C. §5917(d):

a) Pursuant to the Stipulation with the Receiver appended hereto as Exhibit 9, allowing the claim of the **CALIFORNIA LIFE AND HEALTH INSURANCE GUARANTEE ASSOCIATION** ("California GA") for direct and indirect administrative expenses as a Class II claim pursuant to 18 DEL. C. §5918(e)(2) (pertaining to guaranty association administrative expenses) in the amount of \$86,219.00, as noted in Column 3 (entitled "Allowed Class II Claims") on Exhibit 1 hereto, finding that the amount listed as paid to the California GA for its Class II claim on Exhibit 1 in Column 4 (entitled "Amount Received to Date"), \$86,219.00, has been paid to the California GA, finding that as a result the Class II claim of the California GA has been fully satisfied, and disallowing any

administrative expense claim amount of the California GA in excess of the amount listed in Column 3 in Exhibit 1. This Petition seeks to finalize the early access distributions made to the Guaranty Associations for their Class II claims. Therefore, if the Receiver's Petition is granted, the early access distributions made to the California GA for their Class II claim will no longer be subject to recall or other adjustment under the Early Access Agreement among the Receiver and the Guaranty Associations;

b) Pursuant to the Stipulation with the Receiver appended hereto as Exhibit 9, allowing the claim of the **California GA** for policy benefits paid for covered claims as a Class III claim pursuant to 18 DEL. C. §5918(e)(3) (pertaining to certain policy claims including claims for coverage provided by the Guaranty Associations) in the amount of \$2,647,488.47, as noted in Column 2 (entitled "Allowed Class III Claims Net of Premium Collected") on Exhibit 2 hereto, and finding that the California GA has received \$839,186.06 to date in early access payments on its Class III claim. Therefore, if the Receiver's Petition is granted, the early access distributions made to the California GA for their Class III claim will no longer be subject to recall or other adjustment under the Early Access Agreement among the Receiver and the Guaranty Associations;

c) Except with respect to the **New Mexico Life Insurance Guaranty Association** ("New Mexico GA") and the **South Carolina Life and Accident and Health Insurance Guaranty Association** ("South Carolina GA") for which the Class II claims were fully satisfied from the statutory deposit, finalizing the early access distributions for the allowed Guaranty Association Class II administrative expense claims listed on Exhibit 1

hereto in Column 4 (entitled “Amount Received to Date”) for each such Guaranty Association in the amount set forth in that column, finding that the amounts paid on Exhibit 1 in Column 4 have been paid to each such Guaranty Association, finding that as a result of the finalization of those early access payments, the Class II administrative expense claim of each such Guaranty Association pursuant to 18 DEL. C. §5918(e)(2) (pertaining to certain guaranty association administrative expenses) has been satisfied in full and the Class II claimants are not entitled to any further distribution of the estate’s assets with respect to their Class II Claims. As a result of this Petition, the early access payments already made for the Guaranty Associations’ early access distributions shall no longer be subject to recall or other adjustment by the Receiver to the extent needed to repay higher priority claims, such Class II claims shall be deemed satisfied in full, and such Guaranty Association Claimants shall receive no further distributions of the estate’s assets or communications from the CUIIC estate regarding their Class II administrative expense claims, and the Receiver shall be relieved from any further obligation to the Guaranty Associations concerning their Class II claims;

d) Finding that as to the **ALABAMA LIFE & DISABILITY INSURANCE GUARANTY ASSOCIATION** (“Alabama GA”), which has an Allowed Class III claim of \$59,922.87, while this Petition allows a partial distribution of 32% to the Guaranty Associations on their Class III claims, the Alabama GA has already received early access payments of \$19,372.13, which would equate to a distribution to date of 32.3284%. As to that Guaranty Association’s claim, the Receiver seeks to finalize the early access payments to

the Alabama GA for their Class III claim up to \$19,175.32 (“Alabama GA’s Finalized Class III Early Access Payments”), which is 32% of that Guaranty Association’s Class III claim, so that the Alabama GA’s Finalized Class III Early Access Payments are no longer subject to recall or other adjustment by the Receiver. However, the Alabama GA did receive an additional \$196.81 in early access distributions (“Alabama GA’s Excess Early Access Payment”) in excess of the Alabama GA’s Finalized Class III Early Access Payments. To the extent that the early access payments received by such Guaranty Association did not exceed 35% of their claim, which is the proposed partial distribution percentage to be paid to the Allowed Uncovered Class III claims, and due to the small amount of the excess payment, the Receiver will not seek to recall those funds to reallocate funds among the Guaranty Associations for their Class III claims. However, the Alabama GA’s Excess Early Access Payment shall be deducted from future distributions, if any, to the Alabama GA on its Class III claims. If there are no future distributions to the Class III claims, the Alabama GA shall not be obligated to return the Alabama GA’s Excess Early Access Payment to the CUIC estate and the other Guaranty Association claimants in this estate shall have no claim against the Alabama GA for those funds. As a result of the fact that the Alabama GA has already received at least 32% of their Allowed Class III Claim, the Alabama GA will not be receiving any distribution from the CUIC estate in this Partial Distribution;

e) Finding that as to the **ARKANSAS LIFE AND HEALTH INSURANCE GUARANTY ASSOCIATION** (“Arkansas GA”), which has an Allowed Class III claim of \$52,598.59, while this Petition allows a partial distribution of 32% to the Guaranty

Associations on their Class III claims, the Arkansas GA has already received early access payments of \$17,090.40, which would equate to a distribution to date of 32.4921%. As to that Guaranty Association's claim, the Receiver seeks to finalize the early access payments to the Arkansas GA for their Class III claim up to \$16,831.55 ("Arkansas GA's Finalized Class III Early Access Payments"), which is 32% of that Guaranty Association's Class III claim, so that the Arkansas GA's Finalized Class III Early Access Payments are no longer subject to recall or other adjustment by the Receiver. However, the Arkansas GA did receive an additional \$285.85 in early access distributions ("Arkansas GA's Excess Early Access Payment") in excess of the Arkansas GA's Finalized Class III Early Access Payments. To the extent that the early access payments received by such Guaranty Association did not exceed 35% of their claim, which is the proposed partial distribution percentage to be paid to the Allowed Uncovered Class III claims, and due to the small amount of the excess payment, the Receiver will not seek to recall those funds to reallocate funds among the Guaranty Associations for their Class III claims. However, the Arkansas GA's Excess Early Access Payments shall be deducted from future distributions, if any, to the Arkansas GA on its Class III claims. If there are no future distributions to the Class III claims, the Arkansas GA shall not be obligated to return the Arkansas GA's Excess Early Access Payment to the CUIIC estate and the other Guaranty Association claimants in this estate shall have no claim against the Arkansas GA for those funds. As a result of the fact that the Arkansas GA has already received at least 32% of their Allowed Class III Claim, the Arkansas GA will not be receiving any distribution from the CUIIC estate in this Partial Distribution;

f) Finding that as to the **GEORGIA LIFE & HEALTH INSURANCE GUARANTY ASSOCIATION** (“Georgia GA”), which has an Allowed Class III claim of \$174,085.55, while this Petition allows a partial distribution of 32% to the Guaranty Associations on their Class III claims, the Georgia GA has already received early access payments of \$59,688.00, which would equate to a distribution to date of 34.2866%. As to that Guaranty Association’s claim, the Receiver seeks to finalize the early access payments to the Georgia GA for their Class III claim up to \$55,707.38 (“Georgia GA’s Finalized Class III Early Access Payments”), which is 32% of that Guaranty Association’s Class III claim, so that the Georgia GA’s Finalized Class III Early Access Payments are no longer subject to recall or other adjustment by the Receiver. However, the Georgia GA did receive an additional \$3,980.62 in early access distributions (“Georgia GA’s Excess Early Access Payment”) in excess of the Georgia GA’s Finalized Class III Early Access Payments. To the extent that the early access payments received by such Guaranty Association did not exceed 35% of their claim, which is the proposed partial distribution percentage to be paid to the Allowed Uncovered Class III claims, and due to the amount of the excess payment, the Receiver will not seek to recall those funds to reallocate funds among the Guaranty Associations for their Class III claims. However, the Georgia GA’s Excess Early Access Payment shall be deducted from future distributions, if any, to the Georgia GA on its Class III claims. If there are no future distributions to the Class III claims, the Georgia GA shall not be obligated to return the Georgia GA’s Excess Early Access Payment to the CUIIC

estate and the other Guaranty Association Claimants in this estate shall have no claim against the Georgia GA for those funds. As a result of the fact that the Georgia GA has already received at least 32% of their Allowed Class III Claim, the Georgia GA will not be receiving any distribution from the CUIC estate in this Partial Distribution;

g) Finding that as to the **UTAH LIFE & HEALTH INSURANCE GUARANTY ASSOCIATION** (“Utah GA”), which has an Allowed Class III claim of \$12,020.30, while this Petition allows a partial distribution of 32% to the Guaranty Associations on their Class III claims, the Utah GA has already received early access payments of \$3,848.02, which would equate to a distribution to date of 32.0127%. As to that Guaranty Association’s claim, the Receiver seeks to finalize the early access payments to the Utah GA for their Class III claim up to \$3,846.50 (“Utah GA’s Finalized Class III Early Access Payments”), which is 32% of that Guaranty Association’s Class III claim, so that the Utah GA’s Finalized Class III Early Access Payments are no longer subject to recall or other adjustment by the Receiver. However, the Utah GA did receive an additional \$1.52 in early access distributions (“Utah GA’s Excess Early Access Payment”) in excess of the Utah GA’s Finalized Class III Early Access Payments. To the extent that the early access payments received by such Guaranty Association did not exceed 35% of their claim, which is the proposed partial distribution percentage to be paid to the Allowed Uncovered Class III claims, and due to the very small amount of the excess payment, the Receiver will not seek to recall those funds to reallocate funds among the Guaranty Associations for their Class III claims. However, the Utah GA’s Excess Early Access Payment shall be deducted from future distributions, if any, to the Utah

GA on its Class III claims. If there are no future distributions to the Class III claims, the Utah GA shall not be obligated to return the Utah GA's Excess Early Access Payment to the CUIC estate and the other Guaranty Association Claimants in this estate shall have no claim against the Utah GA for those funds. As a result of the fact that the Utah GA has already received at least 32% of their Allowed Class III Claim, the Utah GA will not be receiving any distribution from the CUIC estate in this Partial Distribution;

h) Finding that as to the **VERMONT LIFE & HEALTH INSURANCE GUARANTY ASSOCIATION** ("Vermont GA"), which has an Allowed Class III claim of \$18,200.81, while this Petition allows a partial distribution of 32% to the Guaranty Associations on their Class III claims, the Vermont GA has already received early access payments of \$6,138.96, which would equate to a distribution to date of 33.7290%. As to that Guaranty Association's claim, the Receiver seeks to finalize the early access payments to the Vermont GA for their Class III claim up to \$5,824.26 ("Vermont GA's Finalized Class III Early Access Payments"), which is 32% of that Guaranty Association's Class III claim, so that the Vermont GA's Finalized Class III Early Access Payments are no longer subject to recall or other adjustment by the Receiver. However, the Vermont GA did receive an additional \$314.70 in early access distributions ("Vermont GA's Excess Early Access Payment") in excess of the Vermont GA's Finalized Class III Early Access Payments. To the extent that the early access payments received by such Guaranty Association did not exceed 35% of their claim, which is the proposed partial distribution percentage to be paid to the Allowed Uncovered Class III claims, and due to the small amount of the excess payment, the

Receiver will not seek to recall those funds to reallocate funds among the Guaranty Associations for their Class III claims. However, the Vermont GA's Excess Early Access Payment shall be deducted from future distributions, if any, to the Vermont GA on its Class III claims. If there are no future distributions to the Class III claims, the Vermont GA shall not be obligated to return the Vermont GA's Excess Early Access Payment to the CUIC estate and the other Guaranty Association Claimants in this estate shall have no claim against the Vermont GA for those funds. As a result of the fact that the Vermont GA has already received at least 32% of their Allowed Class III Claim, the Vermont GA will not be receiving any distribution from the CUIC estate in this Partial Distribution;

i) Finding that as to the **WEST VIRGINIA LIFE & HEALTH INSURANCE GUARANTY ASSOCIATION** ("West Virginia GA"), which has an Allowed Class III claim of \$211,014.74, while this Petition allows a partial distribution of 32% to the Guaranty Associations on their Class III claims, the West Virginia GA has already received early access payments of \$68,650.66, which would equate to a distribution to date of 32.5336%. As to that Guaranty Association's claim, the Receiver seeks to finalize the early access payments to the West Virginia GA for their Class III claim up to \$67,524.72 ("West Virginia GA's Finalized Class III Early Access Payments"), which is 32% of that Guaranty Association's Class III claim, so that the West Virginia GA's Finalized Class III Early Access Payments are no longer subject to recall or other adjustment by the Receiver. However, the West Virginia GA did receive an additional \$1,125.94 in early access distributions ("West Virginia GA's Excess Early Access Payment") in excess of the West

Virginia GA's Finalized Class III Early Access Payments. To the extent that the early access payments received by such Guaranty Association did not exceed 35% of their claim, which is the proposed partial distribution percentage to be paid to the Allowed Uncovered Class III claims, and due to the amount of the excess payment, the Receiver will not seek to recall those funds to reallocate funds among the Guaranty Associations for their Class III claims. However, the West Virginia GA's Excess Early Access Payment shall be deducted from future distributions, if any, to the West Virginia GA on its Class III claims. If there are no future distributions to the Class III claims, the West Virginia GA shall not be obligated to return the West Virginia GA's Excess Early Access Payment to the CUIC estate and the other Guaranty Association Claimants in this estate shall have no claim against the West Virginia GA for those funds. As a result of the fact that the West Virginia GA has already received at least 32% of their Allowed Class III Claim, the West Virginia GA will not be receiving any distribution from the CUIC estate in this Partial Distribution;

j) As to the Other Guaranty Associations (other than the Alabama GA, the Arkansas GA, the Georgia GA, the Utah GA, the Vermont GA, and the West Virginia GA, which six claimants are addressed above, and other than the New Mexico GA and the South Carolina GA, which two claimants had their Class II claims fully satisfied from the statutory deposit in their state), finalizing the early access distributions for the allowed Guaranty Association Class III policy benefit claims listed on Exhibit 2 hereto in Column 3 (entitled "Class III Early Access Payments Received") for each such Guaranty Association in the amount set forth in that column; finding that as a result of the finalization of those early

access payments and the partial distribution authorized by this Petition, the Class III policy benefits claim of each such Guaranty Association pursuant to 18 DEL. C. §5918(e)(3) (pertaining to certain guaranty association administrative expenses) has been partially satisfied in the amount set forth in Column 7 in Exhibit 2, and for the Guaranty Associations which have not yet received 32% of their Class III claim through early access distributions, shall receive the balance due to bring their distribution to date up to 32% of their Class III claim, as set forth in Column 5 (entitled “Amount to be Distributed”) of Exhibit 2. As a result of this Petition, all Class III early access distributions already made to the Guaranty Associations’ up to 32% of their Allowed Class III Claims shall no longer be subject to recall or other adjustment by the Receiver to the extent needed to repay higher priority claims;

k) Allowing the Class III Uncovered Claims on Exhibit 3A hereto in the amount set forth in Exhibit 3A hereto in Column 11 (entitled “Receiver’s Recommended Class III Claim Amount”) for each such Claimant and disallowing any amount in excess of the Receiver’s Recommended Class III Claim Amount for each such claim. The Receiver’s Recommended Class III Claim Amount does not include or affect any amount which such Claimant may have received from the applicable Guaranty Association, either directly or through an assuming insurer, such as the Unity Mutual Life Insurance Company;

l) Allowing the Class III Uncovered Claim listed on Exhibit 3B hereto, which amount is jointly owned by the **Delaware Life and Health Insurance Guaranty Association** (“Delaware GA”) and the **Hotel, Restaurant Institutional Employees and Bartenders Union – Local 26** (“Local 26”) pursuant to an Agreement, Release and

Assignment dated November 23, 1999, in the total amount of \$449,520.26 (“Receiver’s Recommended Local 26 Class III Claim Amount”), of which the Delaware GA is entitled to the first \$119,780.00 of distributions on the claim, of which the Delaware GA has already received \$29,844.92 in early access distributions to date relating to this claim, and of which Local 26 is entitled to any distributions in excess of \$119,780.00 on the claim, and disallowing any amount in excess of the Receiver’s Recommended Local 26 Class III Claim Amount for such claim. The Receiver’s Recommended Class III Claim Amount does not include or affect any amount which Local 26 may have received from the Delaware GA, either directly or through an assuming insurer, such as the Unity Mutual Life Insurance Company;

m) Disallowing in their entirety the Uncovered Class III claims listed in Exhibit 4 hereto (entitled “Class III Claims Valued at Zero”), and relieving the Receiver from any further obligation to those Claimants concerning their Class III claims. This disallowance does not include or affect any amount which such Claimant may have received from the applicable Guaranty Association, either directly or through an assuming insurer, such as the Unity Mutual Life Insurance Company;

n) Assigning the claims listed on Exhibit 5 hereto to the Class VI (general creditor) priority class and assigning each such claim the dollar value in Column 11 (entitled “Receiver’s Recommended Class VI Claim Amount”) on Exhibit 5, except for the claims listed as “TBD,” for which the amount of the Claimant’s Class VI claim is “to be

determined” if and only if funds become available to pay claims in Class VI after all higher priority expenses in Class I and claims in Classes II through V have been satisfied in full;

o) Disallowing in their entirety the Class VI claims listed in Exhibit 6 hereto, and relieving the Receiver from any further obligation to those Claimants concerning their Class VI claim numbers 944 and 1344 (the latter of which the Receiver is recommending be disallowed as a duplicate of claim number 87);

p) Assigning any and all claims of Consumers United Group, Inc., the sole stockholder of CUIC prior to the entry of the receivership orders, which claims are listed on Exhibit 8 hereto, to the Class IX (stockholder) priority class. The value, if any, of such claims cannot be determined until such time as all higher priority expenses in Class I and higher priority claims in Classes II through VIII have been satisfied in full. The Receiver anticipates that the higher priority class claims will not all be fully satisfied and, therefore, the Class IX claim of Consumers United Group, Inc. likely has a value of \$0. However, until that determination can be made, the Receiver is only recommending the assignment of this claim to priority class IX;

q) Approving the Receiver’s Plan for Partial Distribution to the Guaranty Associations for their Class III Claims, offsetting such Partial Distribution for amounts already received by each such Guaranty Association pursuant to the Class III Early Access Payments, so that each Guaranty Association shall receive a Supplemental Partial Distribution, if at all, in the amount set forth in Column 5 (entitled “Amount to be Distributed”) in Exhibit 2, provided, however, that the Receiver shall within the later of

thirty (30) days of the Court's entry of the Final Order approving this Petition or August 31, 2010, issue one check in the aggregate amount of \$83,021.09 to the National Organization of Life and Health Insurance Guaranty Associations ("NOLHGA") as the Supplemental Partial Distribution to all of the Guaranty Associations with Class III claims receiving a distribution as set forth in Column 5 of Exhibit 2 hereto, to bring the distribution amount to date for each Class III Guaranty Association claimant to at least 32% of their Allowed Class III claim. The issuance of the aggregate payment to NOLHGA by the Receiver shall relieve the CUIC Estate, the Receiver, the Deputy Receiver and their representatives of any and all liability to the Guaranty Associations listed on Exhibit 2 with respect to the allocation of those funds, and the Receiver shall be entitled to rely on the allocation of such distributed funds as set forth in Column 5 of Exhibit 2 hereto with respect to this Partial Distribution and any future distributions from the CUIC Estate. It is the Receiver's understanding that the Guaranty Associations listed on Exhibit 2 hereto have agreed or may agree with NOLHGA and/or among themselves on a different allocation of the funds from this Partial Distribution. As long as the Receiver is entitled to rely upon the allocation set forth in Column 5 of Exhibit 2 for the purpose of determining the amounts distributed from the CUIC Estate for the Guaranty Association's Class III claims and to rely upon the aggregate payment to NOLHGA as proof of payment to each individual Guaranty Associations listed on Exhibit 2 of their distributive share set forth in Column 5 of that exhibit, NOLHGA may adjust the funds to be distributed to an individual Guaranty Association provided such individual Guaranty Association consents in writing to such adjustment, which adjustment shall not bind the

Receiver or have any effect on the CUIC estate's rights or obligations, and shall not be offered in evidence against the Receiver or the CUIC Estate. Under this proposed Partial Distribution, this Court would retain jurisdiction to resolve any disputes between or among NOLHGA and the individual Guaranty Associations concerning allocation of the aggregate distribution payment made by the Receiver to NOLHGA, or concerning any alleged failure of NOLHGA to pay an individual Guaranty Association its share of this aggregate Partial Distribution. Under the proposed Order, the Receiver, the Deputy Receiver and the CUIC Estate shall not be liable to NOLHGA and/or any individual Guaranty Association listed on Exhibit 2 for any reallocation by NOLHGA and/or the individual Guaranty Associations of the aggregate amount of this Class III Partial Distribution to the Guaranty Associations, or for any failure by NOLHGA to pay an individual Guaranty Association its share of the aggregate payment;

r) Approving the Receiver's Plan for Partial Distribution to the Allowed Uncovered Class III claims listed on Exhibit 3A hereto in an amount equal to 35% of each such Uncovered Claimant's Class III Allowed Claim (the "Uncovered Partial Distribution"), which distribution amount for each such Claimant is set forth in Column 12 (entitled "Distribution at 35%") of Exhibit 3A hereto. The Receiver shall issue each such Claimant's Uncovered Partial Distribution to such Claimant's last known address in the Receiver's records within the later of thirty (30) days after the Court's entry of the Final Order approving this Petition or August 31, 2010. All such checks will be payable for a period of ninety (90) days, after which a Claimant which has not cashed the check shall be required to

return the uncashed check and request reissuance of their Uncovered Partial Distribution by the Receiver. The Receiver further seeks permission to deposit with the Court any Uncovered Partial Distributions which remain unclaimed after a reasonable period of time but no later than the closure of the CUIC receivership proceedings; and

s) Approving the Receiver's Plan for Partial Distribution to the Allowed Uncovered Local 26 Class III Claim listed on Exhibit 3B hereto in an amount equal to 35% of each such Uncovered Claimant's Class III Allowed Claim less early access payments received to date by the Delaware GA on such claim (the "Uncovered Local 26 Partial Distribution"), which distribution amount shall be allocated as set forth on Exhibit 3B as follows: within the later of thirty (30) days after the Court's entry of the Final Order approving this Petition or August 31, 2010, the Receiver shall distribute the amount of \$89,936.00 to the Delaware GA, and shall distribute the amount of \$37,551.17 to Local 26 at its last known address in the Receiver's records. The checks will be payable for a period of ninety (90) days, after which a Claimant which has not cashed the check shall be required to return the uncashed check and request reissuance of their Uncovered Partial Distribution by the Receiver. The Receiver further seeks permission to deposit with the Court any such distribution which remains unclaimed after a reasonable period of time but no later than the closure of the CUIC receivership proceedings.

. II. Background of the Liquidation Proceedings

Prior to receivership CUIC, a Delaware domiciled insurance company, was licensed to issue life and health insurance policies in forty (40) states and the District of Columbia.

This Court determined that CUIC was in hazardous financial condition and placed CUIC in rehabilitation proceedings by Stipulated Rehabilitation and Injunction Order dated February 9, 1993 ("Rehabilitation Order"; Dkt. No. 18). The Court appointed the Delaware Insurance Commissioner as the statutory receiver of CUIC. By Liquidation and Injunction Order dated May 5, 1994 ("Liquidation Order"; Dkt. No. 74), the Court declared CUIC insolvent and ordered that the Delaware Insurance Commissioner continue as Receiver and liquidate CUIC.

By Order dated December 15, 1994 (Dkt. No. 124), the Court approved the Proposed Plan of Liquidation which provided for, among other things, notice to CUIC's creditors and other interested parties of the liquidation proceedings and the claims process. The Court also established a Creditor Bar Date of March 1, 1995 (which was subsequently extended to December 1, 1995).

III. Guaranty Association Coverage

The entry of the Liquidation Order terminated insurance coverage from CUIC and, at the same time, triggered certain coverage for many of CUIC's policyholders from life and health insurance guaranty associations in the states in which CUIC had been licensed to issue insurance. Each such state has enacted a statute establishing a life and health insurance guaranty association (the "Guaranty Association Claimant" or "Guaranty Association") to provide continuing coverage to resident policyholders of insolvent insurers, such as CUIC, subject to certain statutory limitations (the "Covered Obligations"). The portion of a policyholder, beneficiary or other non-Guaranty Association claimant's claim which is not

covered by a Guaranty Association as a “Covered Obligation” is referred to as that claimant’s “Uncovered Claim” against the CUIC estate.

IV. Early Access Distributions

Pursuant to the provisions of 18 DEL. C. §5911(c), the Receiver entered into an Early Access Agreement with the Guaranty Association Claimants to provide them with provisional access to the estate’s funds in order to minimize the impact of the insolvency on the sources of the Guaranty Association funding. Generally, the Guaranty Associations assess their member insurers in their state and the costs of those assessments are passed along to either the insurers’ policyholders or taxpayers in that state. CUIC received this Court’s approval of its Early Access Agreement with the Guaranty Association Claimants by Order dated on or about November 26, 1996. All of the Guaranty Association Claimants with allowable claims elected to participate in that agreement and executed similar Participation Certificates.

V. Priority of Claims

The claimants have the burden of proving their claims against the estate. Pursuant to 18 DEL. C. §5917(d), after affording a claimant an opportunity for a hearing, the Court determines whether a claim should be allowed, allowed in part, or disallowed. Such Order is deemed to be an appealable Order pursuant to that section.

Section 5918 of the Liquidation Act provides that the distribution of claims from CUIC's general assets shall be in accordance with statutorily specified classes of claims.

Every claim in each class shares pro rata in assets available to pay that class. All claims in a higher priority class must be paid in full before the members of the next class receive any payment. 18 DEL. C. § 5918(e). For purposes of this Petition, the relevant classes of claims under Section 5918(e) of the Liquidation Act are:

Class I – costs and expenses of administration expressly approved by the Receiver;

Class II – reasonable and necessary administrative expenses of the life and health insurance guaranty associations;

Class III – certain policyholder and guaranty association claims for policy benefits;

Class VI - certain general creditor claims;

Class VII – claims not filed by the proof of claim bar date;

Class IX – shareholder claims.

See, 18 DEL. C. §5918, as amended by 72 DEL. LAWS, c. 400.

VI. RECEIVER'S RECOMMENDATIONS BY PRIORITY CLASS

A. CLASS I ESTATE ADMINISTRATIVE EXPENSES

The Receiver has determined that sufficient funds exist to satisfy outstanding and future administrative expenses, including the estate's post-liquidation petition tax liabilities. After the distribution being requested in this Recommendation Report and Petition, the estate will have approximately \$400,000.00 in liquid assets. While a specific reserve amount for payment and reserving of administrative expenses will likely need to be established before

making any further distribution to the Class III claims, for the purposes of making the Partial Distribution proposed in this Petition, the Receiver does not believe that the establishment of a specific reserve amount for the Class I expenses is necessary.

B. CLASS II CLAIMS (GUARANTY ASSOCIATION EXPENSES)

After payment of and reserving for the estate's administrative expenses, the next priority class, Class II, addresses the administrative expenses of the affected Guaranty Associations. Pursuant to 18 DEL. C. §5918(e)(2), claims against the CUIC estate which qualify as Class II claims are defined as follows:

(2) Class II. -- The reasonable and necessary administrative expenses of the Delaware Insurance Guaranty Association or the Delaware Life and Health Insurance Guaranty Association or as the case may be, and any similar organization in another state. If the receiver determines that the assets of the estate will be sufficient to pay all Class I claims in full, Class II claims shall be paid currently, provided that the receiver shall secure from each of the associations receiving disbursements pursuant to this section an agreement to return to the receiver such disbursement, together with investment income actually earned on such disbursement, as may be required to pay Class I claims.

18 DEL. C. §5918(e)(2).

The Guaranty Associations' Class II claims were allowed by the Court in response to the Receiver's Seventh Claim Recommendation Report (EFiling Nos. 24537349 and 25377718), except for the claim of the **California GA**, which was resolved by Stipulation (see Exhibit 9 hereto). As noted herein, the Guaranty Associations' Allowed Class II claims have been fully satisfied by the early access distributions being finalized pursuant to this Petition.

The Receiver's recommended values for each of the Class II claims of each of the Guaranty Associations with allowed Class II claims are set forth in Column 3 of Exhibit 1 to this Recommendation Report and Petition. The Receiver respectfully requests that the Court allow as the total Class II claim of the **California GA** the amount set forth in Column 3 in Exhibit 1, \$86,219.00, and find that the claim of the **California GA** has been fully satisfied. In the aggregate, the total amount of the Class II claims of the guaranty associations, excluding the claims of the **New Mexico GA** and the **South Carolina GA** which were fully satisfied from the statutory deposits in their states, is \$993,062.37, all of which will be fully satisfied as a result of the finalization of the early access payments to those Associations in the same amount.

C. UNDISPUTED CLASS III CLAIMS (CERTAIN POLICY CLAIMS)

After payment of and reserving for the Class I estate administrative expenses and satisfaction in full of the Class II guaranty association administrative expenses, the next priority class, Class III, to receive distributions of available assets of the estate consists of the claims which arise out of the policy obligations of CUIC, including the Covered Obligations of the Guaranty Associations.

Pursuant to 18 DEL. C. §5918(e)(3), claims against the CUIC estate which qualify as Class III claims are defined as follows:

(3) Class III. -- Claims by policyholders, beneficiaries and insureds, including the federal or any state or local government if such government is a named policyholder, beneficiary or insured under the policy, arising from and within the coverage of and not in excess of the applicable limits of insurance policies and insurance contracts issued by the company; liability claims, including liability claims of the

federal or any state or local government, against insureds which claims are within the coverage of and not in excess of the applicable limits of insurance policies and insurance contracts issued by the company, including claims for reasonable attorneys' fees incurred by the policyholder to defend against the liability claim if such attorneys' fees are covered under the policy, but only to the extent covered; policyholder's claims for refunds of unearned premium; and claims of the Delaware Insurance Guaranty Association or the Delaware Life and Health Insurance Guaranty Association, as the case may be, and any similar organization in another state for coverage of policy benefits as required by statute; provided, however, that this paragraph shall not apply to the following claims:

a. Claims arising under reinsurance contracts, including any claims for reinsurance premium due;

b. Claims of insurers, insurance pools or underwriting associations for contribution, indemnity or subrogation, equitable or otherwise.

Interest shall not be allowed or paid on Class III claims, except that the value assigned to Class III claims arising from valid preliquidation judgments, other than judgments by default or collusion, may include prejudgment and postjudgment interest up to the date of liquidation if such interest is required by law or contract.

18 DEL. C. §5918(e)(3). For the purposes of this estate, the policyholder level claims were originally designated as Class IV. The policyholder level claims are now reclassified as Class III pursuant to the amendments to the priority statute in 72 DEL. LAWS, c. 400.

Generally, the policyholder level claims against CUIC may be characterized in one of two categories: "Covered Obligations" and "Uncovered Obligations." The Covered Obligations are comprised of benefits provided by the Guaranty Association Claimants under their enabling acts for CUIC's policyholders. The Uncovered Obligations are comprised of benefits under CUIC policies which are not covered by a Guaranty Association Claimant. The Uncovered Obligations are claims of individual policyholders.

The Covered Obligations of the Guaranty Association Claimants are limited by statute. For instance, many of CUIC's policy obligations arose from life insurance policies or annuity contracts it had issued to its policyholders. The enabling statute of the Delaware Life and Health Insurance Guaranty Association ("Delaware GA"), one of the Guaranty Association Claimants, limits benefits that the Delaware GA may provide to \$100,000.00 in net cash values for life insurance and \$100,000.00 in the present value of annuity benefits. *See*, 18 DEL. C. § 4403(c)(2).¹

Applying those statutory limitations, the claim against the CUIC estate generally would be the Covered Obligation (\$100,000.00 in cash value or annuity benefits), subject to other limits in the guaranty statutes, and the Uncovered Obligation, which would be claim amounts in excess of the \$100,000.00 coverage limit or otherwise not covered by a guaranty association.

This Class includes not only certain claims of policyholders, beneficiaries and other claimants against those policyholders' policies, but also the claims of the affected Guaranty Associations to the extent of the claims which those Guaranty Associations paid to or on behalf of policyholders pursuant to the terms of the policies, subject to the coverage limitations and other requirements and conditions in each Guaranty Association's enabling

¹ The enabling statutes of other Affected Associations contain generally similar coverage limitations though the maximum benefits may vary.

statute. As is noted above, a portion of the early access distributions to the Guaranty Associations was paid toward the Guaranty Associations' Class III claims.

The Receiver has evaluated all of the Class III claimants and notified the Class III claimants concerning the Receiver's recommendation as to the priority classification and value of their claims.

With the exception of the Class III claim of the **California GA**, the Class III claims of the Guaranty Associations were adjudicated in the Order concerning the Receiver's Seventh Claim Recommendation Report (EFiling No. 25377718). Certain of the other Class III claimants' claims were also submitted to the Court in prior Recommendation Reports. This Petition submits the Receiver's Recommendation as to any Class III claim which was not already subject to a prior Recommendation Report for allowance, disallowance in part, or disallowance in its entirety.

The Receiver respectfully requests that the Court allow as the total Class III claim of the **California GA** for policy benefits paid for covered claims pursuant to 18 DEL. C. §5918(e)(3) in the amount of \$2,647,488.47, as noted in Column 2 (entitled "Allowed Class III Claims Net of Premium Collected") on Exhibit 2 hereto, and finding that the California GA has received \$839,186.06 to date in early access payments on its Class III claim.

In the aggregate, the total amount of the allowed Class III Guaranty Association claims is \$15,646,493.60, excluding the claims of the **New Mexico GA** and the **South Carolina GA** which were fully satisfied from the statutory deposits in their states. (See Exhibit 2 hereto).

In addition, there are 515 Uncovered Class III claims, with a total Recommended Allowed Amount of \$1,332,488.41 (\$449,520.26 for the Local 26 Class III claim and \$882,968.15 for the other Allowed Uncovered Class III Claims. (See Exhibits 3A and 3B hereto).

The Class III claims listed on Exhibit 4 hereto were either already paid or otherwise afforded full coverage by a Guaranty Association, or are otherwise invalid. Therefore, the Receiver respectfully requests that the Court assign the claims listed on Exhibit 4 hereto to priority Class III, but assign a value of \$0 to such claims, thereby disallowing such claims in their entirety.

D. DEPOSIT OF FUNDS FOR CERTAIN CLASS III CLAIMS

The Receiver has been unable to locate some of the Claimants in past communications. It is anticipated that some of the funds to be distributed will ultimately have to be escheated. Therefore, the Receiver is also seeking permission to deposit such funds with the Court for Claimants to whom a distribution was undeliverable after a reasonable time and reasonable efforts to locate such Claimants from readily available sources.

E. RESERVE FOR DISPUTED CLASS III CLAIMS

While the Receiver has determined or negotiated the recommended priority class and claim value for most of the Class III claims, if any Class III claimant disputes the value of his or her claim, the Receiver seeks permission to reserve the proposed distribution amount until such time as the value of such claim has been adjudicated by the Court.

F. CLASS IV CLAIMS (CERTAIN UNITED STATES CLAIMS)

Claims against the CUIC estate which qualify as Class IV claims are defined in 18

DEL. C. §5918(e)(4) as follows:

(4) Class IV. -- Taxes owed to the United States and other debts owed to the United States which by the laws of the United States are entitled to priority over the claims in Classes V through IX below and which claims of the United States are not already included in Class III above.

18 DEL. C. §5918(e)(4). The Receiver has negotiated a Release Agreement with the United States. The United States has not identified or filed proofs of claim for, and the Receiver is not aware of the existence of, any Class IV claims against the CUIC estate.

G. CLASS V CLAIMS (CERTAIN WAGE CLAIMS)

Pursuant to 18 DEL. C. §5918(e)(5), claims against the CUIC estate which qualify as Class V claims are defined in as follows:

(5) Class V. -- Claims of employees, other than officers or directors, of the insurer for compensation actually owing to such employees for services rendered to the insurer within 3 months prior to the commencement of a proceeding against the insurer under this chapter but not exceeding \$1,000 for each employee. Such priority shall be in lieu of any other similar priority which may be authorized by law as to wages or compensation of such employees.

18 DEL. C. §5918(e)(5).

The Receiver is not aware of the existence of any Class V claims against the estate and no proofs of claim were filed for any such claims.

H. CLASS VI CLAIMS (CERTAIN GENERAL CREDITOR CLAIMS)

After payment of and reserving for the Class I estate administrative expenses and satisfaction in full of the Class II, Class III, and any Class IV and Class V claims, the next

priority class, Class VI, to receive distributions of available assets of the estate consists of the timely-filed general creditor claims.

Claims against the CUIC estate which qualify as Class VI claims are defined in 18 DEL. C. §5918(e)(6) as follows:

(6) Class VI. -- Claims of general creditors including, but not limited to, claims of ceding and assuming insurers in their capacity as such, and claims of insurers, insurance pools or underwriting associations for contribution, indemnity or subrogation, equitable or otherwise. This class shall include any claims of the guaranty associations, federal or any state or local government to the extent such claims are not otherwise included in Class II, Class III, Class IV or Class V in paragraphs (e)(2) through (5) of this section.

18 DEL. C. §5918(e)(6).

The Receiver has evaluated all of the general creditor claims and notified all of the general creditors concerning the Receiver's recommendation as to the priority classification and the value of their claims. Certain of the general creditors objected to the value assigned to their claim. As the Receiver does not anticipate that funds will be available to pay the general creditor claims, certain of those claims have been assigned a value "to be determined" later if funds become available to pay that class of claims.

The Receiver respectfully requests that the claims listed on Exhibit 5 hereto be assigned to the priority Class VI and assigned the value listed in Column 11 on Exhibit 5, except for the claims listed in that Column as "TBD," for which the value of such claim will be determined later if and only if funds become available to pay Class VI general creditor claims.

The Class VI claims listed on Exhibit 6 hereto were either already paid prior to the liquidation proceedings or are otherwise invalid. Therefore, the Receiver respectfully requests that the Court assign the claims listed on Exhibit 6 hereto to priority Class VI, but assign a value of \$0 to such claims, thereby disallowing such claims in their entirety.

I. CLASS VII CLAIMS (LATE-FILED CLAIMS)

Pursuant to 18 DEL. C. §5918(e)(7), claims against the CUIC estate which qualify as Class VII claims are defined as follows:

(7) Class VII. -- Claims which would otherwise qualify for classification under the classes enumerated above, but which are not filed with the receiver on or before the bar date and which are not excused from such bar date by the liquidation court.

18 DEL. C. §5918(e)(7).

The Court established a bar date of March 1, 1995, which was subsequently extended to December 1, 1995. As was noted in the Receiver's Seventh Recommendation Report (EFiling No. 24537349), the **District of Columbia Life and Health Insurance Guaranty Association** ("District of Columbia GA") did not file a proof of claim on or before that date with the Receiver. Therefore, pursuant to the Court's Order concerning the Seventh Recommendation Report and Petition (EFiling No. 25377718), the entire claim of the District of Columbia GA was assigned to Class VII. This Petition does not alter the Receiver's recommendation for the claim of the District of Columbia GA or affect the premium collection offset addressed in that Order. The Receiver is not currently seeking to

establish a subsequent date for the filing of late claims as the Receiver does not anticipate that funds will be available to pay claims in that class.

J. CLASS VIII CLAIMS (SURPLUS/CONTRIBUTION NOTES)

The next priority class, Class VIII, is defined as follows:

(8) Class VIII. -- Surplus or contribution notes, or similar obligations.

18 DEL. C. §5918(e)(8).

No claims which would qualify as Class VIII claims were filed in the CUIC estate. Even if any such claims were filed, the Receiver does not anticipate that funds will become available to pay this class of claims.

K. CLASS IX CLAIMS (SHAREHOLDERS/OWNERS)

The next priority class, Class IX, is defined as follows:

(9) Class IX. -- The claims of shareholders or other owners arising out of such capacity.

18 DEL. C. §5918(e)(9).

At the time the Liquidation Order was entered, CUIC's sole stockholder was its parent company, Consumers United Group, Inc., which is believed to be an inactive corporation. As funds are not likely to be available for this class, the inactive status of that company is not likely to be an issue.

The Receiver respectfully requests that the Court assign any and all claims which Consumers United Group, Inc., has or may have as a result of its ownership of the stock of CUIC to priority Class IX. The value of such stock ownership, if any, cannot be determined until all other higher priority classes have been resolved. This claim will only have value if

all higher priority claims have been satisfied in full and residual assets of the CUIC estate were available, which is highly unlikely in this estate. Therefore, the Receiver does not believe that a value for this claim needs to be established at this time.

VII. RELEASE AS TO DISALLOWED CLAIMS

The Receiver further requests a provision in the Order with respect to claims in Exhibits 4 and 6 which are valued at \$0 or denied pursuant to this Recommendation Report and Petition, that upon entry of the Court's Final Order adopting the Receiver's Recommendation Report and Petition, the claimant for each such claim shall be deemed to have released the CUIC estate, the Receiver, the Deputy Receiver, their agents and representatives from any and all liability arising out of these receivership proceedings, shall have no further interest in these proceedings, and shall not receive subsequent communications from the Court or the CUIC estate or Receiver.

VIII. CLASS II AND CLASS III DISTRIBUTION PLAN

A. FINALIZATION OF DISTRIBUTION TO CLASS II CLAIMS

As the Class II early access payments as listed on Exhibit 1 hereto to the Guaranty Associations are sufficient to fully satisfy the guaranty associations' Class II claims, the Receiver respectfully requests that the Court Order that the Class II early access distributions in the amounts set forth on Exhibit 1 in Column 4 be determined to be final distributions to the guaranty associations on their Class II claims, and that as a result of the early access distributions being finalized, the Class II claims of all of the Guaranty Associations listed in Exhibit 1 have been fully satisfied. As the funds necessary to satisfy the Class II claims have

already been paid to these Claimants, no additional funds will actually be distributed to the Guaranty Associations for their Class II claims. As a result of the finalization of these claims, the Receiver seeks a finding by the Court that the early access distributions set forth in Column 4 of Exhibit 1 are no longer subject to recall or other adjustment by the Receiver.

B. PROVISIONS RELATING TO ALL CLAIMANTS RECEIVING A DISTRIBUTION; RELEASE OF RECEIVERSHIP REPRESENTATIVES

The Receiver respectfully requests that she be granted the authority to require, if she deems it necessary, a tax identification number or any other lawfully required information from any claimant receiving a distribution in order to permit the Receiver to comply with applicable Federal, state or local laws, including but not limited to the Internal Revenue Code, concerning receipt of such distributions.

The Receiver further requests a provision in the Order with respect to claims in Exhibit 1 pursuant to the Recommendation Report and Petition, that upon entry of the Court's Final Order adopting the Receiver's Recommendation Report and Petition, the Guaranty Association Claimants listed on Exhibit 1 shall be deemed to have released the CUIC estate, the Receiver, the Deputy Receiver, their agents and representatives from any and all liability arising out of such Guaranty Associations' Class II claims.

As to any claimants receiving a distribution, if any such claimants can no longer be located, after a reasonable search by the Receiver's staff of readily available information, for the purpose of paying such claimants their distributive share, the Receiver seeks permission to deposit such claimants' distributive share with the Court, which deposit shall discharge the Receiver's obligation to make payment to such claimants which could not be located.

The release of the CUIC estate, the Receiver, the Deputy Receiver, their agents and representatives with respect to claims for which the distributed funds are deposited with the Court shall be effective upon deposit of the funds with the Court, provided that until the estate is closed and the Receiver is discharged, the Receiver shall continue to assist the Court to the extent practicable in preparing to escheat the funds, if necessary, or otherwise resolve the disposition of such funds.

In order to permit an orderly distribution, the Receiver requests that the Order adopting this Distribution Plan permit the Receiver until the later of thirty (30) days after entry of the final Order or August 31, 2010, to issue the distribution checks to the Class III claimants.

C. DISTRIBUTION TO UNDISPUTED CLASS III CLAIMS

1. Distribution to Guaranty Association Claimants

As noted above, the Receiver seeks approval to distribute on or before the later of thirty (30) days after entry of the Final Order or August 31, 2010, an aggregate amount of \$83,021.09 to NOLHGA for distribution to the Guaranty Associations, as allocated in Column 5 of Exhibit 2, not including those Guaranty Association claimants which have already received at least 32% of their Allowed Class III Claims, so that each Guaranty Association Claimant shall have received at least 32% of their Allowed Class III Claim. NOLHGA shall allocate the funds to the Guaranty Associations in the amounts set forth in Column 5 of Exhibit 2 unless an individual Guaranty Association agrees in writing to a

different allocation of the funds being distributed to the Guaranty Associations for their Class III claims.

The requested Order would provide that upon payment by the Receiver of the aggregate amount of \$83,021.09 to NOLHGA, the CUIC Estate, the Receiver, the Deputy Receiver and their agents and representatives shall not be liable and shall be held harmless for any failure by NOLHGA to allocate or distribute the funds and as to any dispute between or among NOLHGA and one or more of the Guaranty Associations concerning such distribution or allocation.

2. Distribution to Other Undisputed Class III Claimants

Excluding the Guaranty Association Class III claims, which are all addressed above, the Receiver seeks the Court's approval to distribute on or before the later of thirty (30) days after entry of the final Order or August 31, 2010, to all other claimants with an allowed Class III claim as listed in Column 11 in Exhibit 3A hereto an amount equal to 35% of the allowed claim amount for such claimant, which distributive share is listed in Column 12 of Exhibit 3A for such claimant; to distribute the amount of \$89,936.00 to the Delaware GA on Local 26 claim number 1159 as set forth on Exhibit 3B; and to distribute the amount of \$37,551.17 to Local 26 on Local 26 claim number 1159 as set forth on Exhibit 3B.

3. Guaranty Association Consent to Distribution Percentages

The Deputy Receiver has conferred with the Guaranty Associations with Class III claims through the NOLHGA Task Force on the CUIC insolvency. NOLHGA representatives have advised the Deputy Receiver that the Guaranty Associations with Class

III claims consent to the Uncovered Allowed Class III claims receiving the slightly higher distribution percentage for this partial distribution than the distribution percentages for the the Allowed Class III claims of the Guaranty Associations. The compromise by the Guaranty Associations would only apply to this Recommendation Report and Petition and to the Partial Distribution plan proposed therein.

IX. Receiver's Reservation of Rights

The Receiver's recommendations concerning the claims listed on Exhibits 1 through 8 hereto represent compromises of the claims submitted. The Receiver reserves her right to raise other issues or defenses to such claims if a claimant objects to the Receiver's Recommendation or submits additional evidence concerning the claims.

The Receiver also reserves her rights pursuant to the Early Access Agreement if necessary to assure that claimants in a particular class are paid in accordance with the statutory priorities at the correct pro rata share, except as set forth herein.

X. Hearing Procedure

The Receiver requests that the following procedure apply to the hearing on the Guaranty Association Claims:

1. Within ten (10) calendar days of receipt of the signed Order to Show Cause, the Receiver would serve, by U.S. first class mail, with proof of mailing which may be Certified Mail, Return Receipt Requested, and/or a Form 3606 Certificate of Bulk Mailing, a copy of the Order to Show Cause, the Recommendation Report and Petition with the Exhibits thereto, and the proposed form of Final Order accompanying the Recommendation Report

and Petition to each Claimant listed on Exhibits 1 through 8 hereto. The Order to Show Cause shall advise the Claimants of the date and time for the hearing on the Petition, the deadline to object to the Petition, and the procedure to object. The Order to Show Cause shall advise the parties that the Court may elect to cancel the hearing if no objections are filed by the objection deadline.

2. The hearing on the date and at the time established in the Order to Show Cause shall be for the purpose of determining whether any Claimant desires to seek the Court's review of the Receiver's recommendation of the priority classification and amount assigned to their claim(s), and to determine whether the Court will approve the Receiver's proposed Class II finalization and Class III partial distributions. IF THE PRIORITY CLASS AND/OR VALUE OF A CLAIMANT'S CLAIM HAS ALREADY BEEN DETERMINED BY A PRIOR COURT ORDER IN THIS CASE, THIS RECOMMENDATION REPORT AND PETITION IS NOT INTENDED TO AFFORD SUCH CLAIMANT AN ADDITIONAL OPPORTUNITY TO OBJECT TO THE RECEIVER'S RECOMMENDATION. Any Claimant for whom the Court has not already determined the priority class and value of their claim and which desires to have the Court review the Receiver's recommendation as to their claim must advise the Court of their objections to the Receiver's recommendation and the general basis for their objections at least ten (10) calendar days before the scheduled hearing date.

ANY CLAIMANT ENTITLED TO A COURT REVIEW OF THE RECEIVER'S RECOMMENDATION WHO FAILS TO NOTIFY THE COURT OF THEIR INTENT TO

SEEK A COURT REVIEW OF THE RECEIVER'S RECOMMENDATION ON OR BEFORE TEN (10) CALENDAR DAYS BEFORE THE SCHEDULED HEARING DATE WILL HAVE BEEN DEEMED TO HAVE WAIVED ANY RIGHT TO A COURT REVIEW OF THE RECEIVER'S RECOMMENDATION CONCERNING THEIR CLAIM, WILL BE DEEMED TO HAVE ABANDONED ANY OBJECTION TO THE RECEIVER'S RECOMMENDATION, AND WILL HAVE THEIR CLAIM DETERMINED TO BE IN THE PRIORITY CLASS AND AT THE VALUE REQUESTED BY THE RECEIVER IN THE PETITION AND THE SUPPORTING EXHIBITS.

3. For any Claimant entitled to a Court review of their claim's priority classification and/or valuation who advises the Court at least ten (10) calendar days before the scheduled hearing date that they intend to seek a Court review of the Receiver's recommendation concerning their claim, the initial hearing for this Petition shall not be a hearing on the merits of their claim. For such claimants, the Court will schedule a date for the submission of substantive arguments and exhibits by the Receiver and the Claimant and a subsequent hearing date on the merits of such claim. A form of Order scheduling the subsequent hearing date shall be issued at the direction of the Court and shall address any special requirements for the submission of exhibits, such as the filing of confidential health or financial information of the Claimant under seal, and shall also address the evidentiary procedures and other matters pertinent to such hearing, if such a hearing is necessary. Claimants who seek a Court review of the Receiver's recommendation concerning their claim shall be required to attend the subsequent hearing on the merits. Until such objection

is resolved, such Claimant shall not be entitled to any distribution of the estate's assets, unless the Court orders otherwise.

This Tenth Claim Recommendation Report is filed pursuant to the claim notice and hearing requirements of 18 DEL. C. § 5917 pertaining to the allowance or disallowance of claims in the liquidation proceedings.

XI. CONCLUSION

WHEREFORE, the Receiver of Consumers United Insurance Company in Liquidation respectfully requests that this Honorable Court grant the relief sought herein and such other and further relief as the Court deems just.

IN THE COURT OF CHANCERY OF THE STATE OF DELAWARE

IN THE MATTER OF)
THE LIQUIDATION OF) C.A. No. 12789-VCL
CONSUMERS UNITED INSURANCE COMPANY)

**STIPULATED ORDER CONCERNING
THE CLAIMS OF THE CALIFORNIA LIFE AND HEALTH
INSURANCE GUARANTEE ASSOCIATION AGAINST THE
CONSUMERS UNITED INSURANCE COMPANY IN LIQUIDATION**

WHEREAS, on April 6, 2009, pursuant to 18 DEL. C. § 5917(c), the Honorable Karen Weldin Stewart, Insurance Commissioner of the State of Delaware, in her capacity as the Receiver of the Consumers United Insurance Company in Liquidation (“CUIC”) filed the Receiver’s Seventh Claim Recommendation Report and Petition Seeking Hearing on Guaranty Association Claims (“the “Petition”; EFile Transaction ID No. 24537349) pertaining to Proofs of Claim filed by the state life and health insurance guaranty associations affected by the CUIC liquidation for their administrative expenses and policy benefit claims paid by them or on their behalf.

WHEREAS, CUIC was licensed to issue insurance policies in forty states and the District of Columbia. Therefore, forty one guaranty associations were affected by the insolvency. The California Life and Health Insurance Guarantee Association (“California GA”) was one of the state life and health insurance guaranty associations affected by the CUIC insolvency;

WHEREAS, the hearing on the Petition was held on May 28, 2009;

WHEREAS, although the claims of the California GA were subject to the Receiver's Petition, due to concerns raised by the California GA prior to that hearing about the value of their Class III claim, the parties hereto deferred a decision on the California GA's claim. The Court issued an Order addressing the claims of the other affected state life and health insurance guaranty associations on May 28, 2009 (EFile Transaction ID No. 25377718). This Stipulated Order is being submitted to address all of the claims of the California GA.

NOW, THEREFORE, the Receiver and the California GA hereby stipulate, subject to the Court's approval, that:

1. (a) The administrative expense claim of the California GA shall be assigned to the guaranty administrative expense priority class (**Class II**) pursuant to 18 DEL. C. §5918(e)(2) and valued as an Allowed Class II claim at \$86,219.00, on which \$86,219.00 has been paid to date through early access distributions, leaving a balance due of \$0. Such administrative expense claim is hereby deemed fully satisfied unless such early access distributions are recalled by the Receiver.

(b) The policy benefits claim of the California GA shall be assigned to the policyholder level priority class (**Class III**) pursuant to 18 DEL. C. §5918(e)(3) and valued as an Allowed Class III Claim of \$2,647,488.47 net of premium collections, on which \$839,186.06 has been paid to date through early access distributions.

(c) These allowed claims are subject to recall under the Early Access Agreement as set forth therein and are further subject to the provisions below.

2. The allowed Class II administrative expense claim of the

California GA has been fully paid and the allowed Class III policy benefits claim of the California GA has been partially paid through early access distributions under the Early Access Agreement, and those Class II and Class III payments remain subject to recall by the Receiver if such funds are needed to pay higher priority claims or to equalize the distribution percentages received by claimants within a specific priority class. If the Receiver recalls any payments from the California GA in order to pay higher priority claims or to assure that all claimants in a particular class receive the same pro rata share in that class, the Receiver shall subsequently adjust the claimant's claim to add the recalled payments to the unpaid claim in the priority class for which the recalled payments were made.

3. Any claim of the California GA in excess of the amounts recommended by the Receiver and stipulated by the parties herein shall be DISALLOWED by the Court pursuant to this Stipulation and Order.

4. Each claim allowed in whole or in part pursuant to 18 DEL. C. §5918(e) set forth in this Order is subject to the availability of funds for the assigned priority class pursuant to 18 DEL. C. §5918(e).

5. This Order shall have no effect on the uncovered claims of individual policyholders for whom full or partial coverage has been afforded by the California GA.

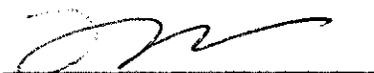

6. Within three (3) business days of receipt of this signed Order, the Receiver's counsel shall serve, by United States certified mail, postage prepaid, return receipt requested, to the claimant's last known address in the Receiver's file, a copy of this Order on the California GA.

7. There is no just reason for delay, and this Stipulated Order, pursuant to Chancery Court Rule 54(b), is entered as a final judgment. ANY APPEAL OF THIS ORDER MUST BE FILED WITH (RECEIVED BY) THE CLERK OF THE DELAWARE SUPREME COURT WITHIN THIRTY (30) DAYS OF THE DATE OF THIS ORDER. IF YOU FAIL TO FILE A TIMELY APPEAL, THIS DECISION WILL BECOME FINAL.

IT IS SO STIPULATED as of the 11th day of September, 2009.

DISTRIBUTION TO CLASS III ALLOWED POLICY LEVEL CLAIMS**

WHEREAS, pursuant to 18 DEL. C. § 5917(c), the Receiver of Consumers United Insurance Company in Liquidation (“CUIC”) filed the “Receiver’s Tenth Claim Recommendation Report and Petition for Approval of Plan for Finalization of Early Access Distributions for Class II Guaranty Association Administrative Claims, and for Partial Distribution to Class III Allowed Policy Level Claims” (the “Recommendation Report and Petition”), seeking to have the Court allow, allow in part or disallow claims not already adjudicated by the Court and seeking approval for a plan to finalize certain early access distributions made to the state life and health insurance guaranty associations affected by the CUIC insolvency, to make a partial distribution to certain guaranty associations so that all affected guaranty associations with Class III claims have received at least thirty-two percent (32%) of their allowed Class III claims, and to make a partial distribution to other Class III claimants with undisputed allowed Class III claims so that such claimants will have received thirty-five percent (35%) of their Class III claims;

WHEREAS, this Court entered an Order to Show Cause which set Thursday, July 15, 2010, at 10:00 a.m., as the date and time for the hearing on the Recommendation Report and Petition. The Order to Show Cause further required the Claimants to notify the Court in writing of their objections to the Recommendation Report and Petition and their intent to appear at the hearing by Tuesday, July 6, 2010, or their objections, if any, would be considered abandoned and the Receiver's recommendations as to their claims would be adopted by the Court;

WHEREAS, the Receiver has filed proof that that Claimants received due notice at their last known addresses of the hearing date and the requirement to timely object and notify the Court of their intent to appear; and

WHEREAS, the Claimants either notified the Court in writing of their intent to appear at the hearing and appeared at the hearing at the hearing and, after having heard from the Claimants, this Court overruled the basis for their objections to the Receiver's Recommendation Report and Petition, or the Claimants failed to timely object and/or appear at the hearing and are deemed to have abandoned their objections, if any, to the Receiver's Recommendation Report and Petition.

NOW, THEREFORE, the Court finds that the Claimants have either abandoned their objections to the Receiver's Recommendation and Petition by failing to timely object and appear at the hearing or have not provided a sufficient basis for the Court to reject the Receiver's Recommendation Report and Petition as to the classification and/or value to be assigned to the claims listed on Exhibits 1 through 8 to the Petition and as to

the Receiver's Plan for Partial Distribution set forth in the Recommendation Report and Petition;

NOW, THEREFORE, IT IS HEREBY ORDERED AND THE COURT HEREBY FINDS THAT:

1. The Stipulation between the Receiver and the **CALIFORNIA LIFE AND HEALTH INSURANCE GUARANTEE ASSOCIATION** ("California GA"), appended to the Recommendation Report and Petition as Exhibit 9 is hereby APPROVED;

2. The claim of the **California GA** for direct and indirect administrative expenses is hereby ALLOWED as a Class II claim pursuant to 18 DEL. C. §5918(e)(2) (pertaining to guaranty association administrative expenses) in the amount of \$86,219.00, as noted in Column 3 (entitled "Allowed Class II Claims") on Exhibit 1 to the Recommendation Report and Petition. The Court finds that the amount listed as paid to the California GA for its Class II claim on Exhibit 1 in Column 4 (entitled "Amount Received to Date"), \$86,219.00, has been paid to the California GA. As a result the Class II claim of the California GA has been fully satisfied. Any administrative expense claim amount of the California GA in excess of the amount listed in Column 3 in Exhibit 1 is hereby disallowed.

3. The claim of the **California GA** for policy benefits paid for covered claims as a Class III claim pursuant to 18 DEL. C. §5918(e)(3) (pertaining to certain policy claims including claims for coverage provided by the Guaranty Associations) is hereby ALLOWED in the amount of \$2,647,488.47, as noted in Column 2 (entitled

“Allowed Class III Claims Net of Premium Collected”) on Exhibit 2 hereto. The Court finds that the California GA has received \$839,186.06 to date in early access payments on its Class III claim.

4. Except with respect to the **New Mexico Life Insurance Guaranty Association** (“New Mexico GA”) and the **South Carolina Life and Accident and Health Insurance Guaranty Association** (“South Carolina GA”) for which the Class II claims were fully satisfied from the statutory deposit, the early access distributions for the allowed **Guaranty Association Class II** administrative expense claims listed on Exhibit 1 to the Recommendation Report and Petition in Column 4 (entitled “Amount Received to Date”) for each such Guaranty Association in the amount set forth in that column are hereby FINALIZED. The Court finds that the amounts paid on Exhibit 1 in Column 4 to the Recommendation Report and Petition have been paid to each such Guaranty Association. As a result of the finalization of those early access payments, the Class II administrative expense claim of each such Guaranty Association pursuant to 18 DEL. C. §5918(e)(2) (pertaining to certain guaranty association administrative expenses) has been satisfied in full and the Class II claimants are not entitled to any further distribution of the estate’s assets with respect to their Class II Claims. Therefore, the early access payments already made for the Guaranty Associations’ early access distributions shall no longer be subject to recall or other adjustment by the Receiver to the extent needed to repay higher priority claims, such Class II claims shall be deemed satisfied in full, and such Guaranty Association Claimants shall receive no further distributions of the estate’s assets or communications from the CUIC estate regarding

their Class II administrative expense claims, and the Receiver shall be relieved of any further obligation to the Guaranty Associations concerning their Class II claims. With respect to such Guaranty Association Class II claims in Exhibit 1 to the Recommendation Report and Petition, upon entry of this Order, the Guaranty Association Claimants listed on Exhibit 1 to the Recommendation Report and Petition shall be deemed to have released the CUIIC estate, the Receiver, the Deputy Receiver, their agents and representatives from any and all liability arising out of such Guaranty Associations' Class II claims.

5. The Court finds that as to the **ALABAMA LIFE & DISABILITY INSURANCE GUARANTY ASSOCIATION** ("Alabama GA"), which has an Allowed Class III claim of \$59,922.87, while the Recommendation Report and Petition proposes a partial distribution of 32% to the Guaranty Associations on their Class III claims, the Alabama GA has already received early access payments of \$19,372.13, which would equate to a distribution to date of 32.3284%. As to that Guaranty Association's claim, the early access payments to the Alabama GA for their Class III claim are hereby finalized up to \$19,175.32 ("Alabama GA's Finalized Class III Early Access Payments"), which is 32% of that Guaranty Association's Class III claim, so that the Alabama GA's Finalized Class III Early Access Payments are no longer subject to recall or other adjustment by the Receiver. However, the Court finds that the Alabama GA did receive an additional \$196.81 in early access distributions ("Alabama GA's Excess Early Access Payment") in excess of the Alabama GA's Finalized Class III Early Access Payments. The Alabama GA's Excess Early Access Payment shall be deducted from future distributions, if any, to

the Alabama GA on its Class III claims. If there are no future distributions to the Class III claims, the Alabama GA shall not be obligated to return the Alabama GA's Excess Early Access Payment to the CUIC estate and the other Guaranty Association claimants in this estate shall have no claim against the Alabama GA for those funds. As a result of the fact that the Alabama GA has already received at least 32% of their Allowed Class III Claim, the Alabama GA shall not be receiving any distribution from the CUIC estate in this Partial Distribution;

6. The Court finds that as to the **ARKANSAS LIFE AND HEALTH INSURANCE GUARANTY ASSOCIATION** ("Arkansas GA"), which has an Allowed Class III claim of \$52,598.59, while the Recommendation Report and Petition proposes a partial distribution of 32% to the Guaranty Associations on their Class III claims, the Arkansas GA has already received early access payments of \$17,090.40, which would equate to a distribution to date of 32.4921%. As to that Guaranty Association's claim, the early access payments to the Arkansas GA for their Class III claim are hereby finalized up to \$16,831.55 ("Arkansas GA's Finalized Class III Early Access Payments"), which is 32% of that Guaranty Association's Class III claim, so that the Arkansas GA's Finalized Class III Early Access Payments are no longer subject to recall or other adjustment by the Receiver. However, the Court finds that the Arkansas GA did receive an additional \$285.85 in early access distributions ("Arkansas GA's Excess Early Access Payment") in excess of the Arkansas GA's Finalized Class III Early Access Payments. The Arkansas GA's Excess Early Access Payment shall be deducted from future distributions, if any, to the Arkansas GA on its Class III claims. If there are no future distributions to the Class

III claims, the Arkansas GA shall not be obligated to return the Arkansas GA's Excess Early Access Payment to the CUIC estate and the other Guaranty Association claimants in this estate shall have no claim against the Arkansas GA for those funds. As a result of the fact that the Arkansas GA has already received at least 32% of their Allowed Class III Claim, the Arkansas GA shall not be receiving any distribution from the CUIC estate in this Partial Distribution;

7. The Court finds that as to the **GEORGIA LIFE & HEALTH INSURANCE GUARANTY ASSOCIATION** ("Georgia GA"), which has an Allowed Class III claim of \$174,085.55, while the Recommendation Report and Petition proposes a partial distribution of 32% to the Guaranty Associations on their Class III claims, the Georgia GA has already received early access payments of \$59,688.00, which would equate to a distribution to date of 34.2866%. As to that Guaranty Association's claim, the early access payments to the Georgia GA for their Class III claim are hereby finalized up to \$55,707.38 ("Georgia GA's Finalized Class III Early Access Payments"), which is 32% of that Guaranty Association's Class III claim, so that the Georgia GA's Finalized Class III Early Access Payments are no longer subject to recall or other adjustment by the Receiver. However, the Court finds that the Georgia GA did receive an additional \$3,980.62 in early access distributions ("Georgia GA's Excess Early Access Payment") in excess of the Georgia GA's Finalized Class III Early Access Payments. The Georgia GA's Excess Early Access Payment shall be deducted from future distributions, if any, to the Georgia GA on its Class III claims. If there are no future distributions to the Class III claims, the Georgia GA shall not be obligated to return the Georgia GA's Excess Early

Access Payment to the CUIC estate and the other Guaranty Association Claimants in this estate shall have no claim against the Georgia GA for those funds. As a result of the fact that the Georgia GA has already received at least 32% of their Allowed Class III Claim, the Georgia GA shall not be receiving any distribution from the CUIC estate in this Partial Distribution;

8. The Court finds that as to the **UTAH LIFE & HEALTH INSURANCE GUARANTY ASSOCIATION** (“Utah GA”), which has an Allowed Class III claim of \$12,020.30, while the Recommendation Report and Petition proposes a partial distribution of 32% to the Guaranty Associations on their Class III claims, the Utah GA has already received early access payments of \$3,848.02, which would equate to a distribution to date of 32.0127%. As to that Guaranty Association’s claim, the early access payments to the Utah GA for their Class III claim are hereby finalized up to \$3,846.50 (“Utah GA’s Finalized Class III Early Access Payments”), which is 32% of that Guaranty Association’s Class III claim, so that the Utah GA’s Finalized Class III Early Access Payments are no longer subject to recall or other adjustment by the Receiver. However, the Court finds that the Utah GA did receive an additional \$1.52 in early access distributions (“Utah GA’s Excess Early Access Payment”) in excess of the Utah GA’s Finalized Class III Early Access Payments. The Utah GA’s Excess Early Access Payment shall be deducted from future distributions, if any, to the Utah GA on its Class III claims. If there are no future distributions to the Class III claims, the Utah GA shall not be obligated to return the Utah GA’s Excess Early Access Payment to the CUIC estate and the other Guaranty Association Claimants in this estate shall have no claim

against the Utah GA for those funds. As a result of the fact that the Utah GA has already received at least 32% of their Allowed Class III Claim, the Utah GA shall not be receiving any distribution from the CUIC estate in this Partial Distribution;

9. The Court finds that as to the **VERMONT LIFE & HEALTH INSURANCE GUARANTY ASSOCIATION** (“Vermont GA”), which has an Allowed Class III claim of \$18,200.81, while the Recommendation Report and Petition proposes a partial distribution of 32% to the Guaranty Associations on their Class III claims, the Vermont GA has already received early access payments of \$6,138.96, which would equate to a distribution to date of 33.7290%. As to that Guaranty Association’s claim, the early access payments to the Vermont GA for their Class III claim are hereby finalized up to \$5,824.26 (“Vermont GA’s Finalized Class III Early Access Payments”), which is 32% of that Guaranty Association’s Class III claim, so that the Vermont GA’s Finalized Class III Early Access Payments are no longer subject to recall or other adjustment by the Receiver. However, the Court finds that the Vermont GA did receive an additional \$314.70 in early access distributions (“Vermont GA’s Excess Early Access Payment”) in excess of the Vermont GA’s Finalized Class III Early Access Payments. The Vermont GA’s Excess Early Access Payment shall be deducted from future distributions, if any, to the Vermont GA on its Class III claims. If there are no future distributions to the Class III claims, the Vermont GA shall not be obligated to return the Vermont GA’s Excess Early Access Payment to the CUIC estate and the other Guaranty Association Claimants in this estate shall have no claim against the Vermont GA for those funds. As a result of the fact that the Vermont GA has already received at least 32% of their Allowed Class III

Claim, the Vermont GA shall not be receiving any distribution from the CUIE estate in this Partial Distribution;

10. The Court finds that as to the **WEST VIRGINIA LIFE & HEALTH INSURANCE GUARANTY ASSOCIATION** (“West Virginia GA”), which has an Allowed Class III claim of \$211,014.74, while the Recommendation Report and Petition proposes a partial distribution of 32% to the Guaranty Associations on their Class III claims, the West Virginia GA has already received early access payments of \$68,650.66, which would equate to a distribution to date of 32.5336%. As to that Guaranty Association’s claim, the early access payments to the West Virginia GA for their Class III claim are hereby finalized up to \$67,524.72 (“West Virginia GA’s Finalized Class III Early Access Payments”), which is 32% of that Guaranty Association’s Class III claim, so that the West Virginia GA’s Finalized Class III Early Access Payments are no longer subject to recall or other adjustment by the Receiver. However, the Court finds that the West Virginia GA did receive an additional \$1,125.94 in early access distributions (“West Virginia GA’s Excess Early Access Payment”) in excess of the West Virginia GA’s Finalized Class III Early Access Payments. The West Virginia GA’s Excess Early Access Payment shall be deducted from future distributions, if any, to the West Virginia GA on its Class III claims. If there are no future distributions to the Class III claims, the West Virginia GA shall not be obligated to return the West Virginia GA’s Excess Early Access Payment to the CUIE estate and the other Guaranty Association Claimants in this estate shall have no claim against the West Virginia GA for those funds. As a result of the fact that the West Virginia GA has already received at least 32% of their Allowed

Class III Claim, the West Virginia GA shall not be receiving any distribution from the CUIE estate in this Partial Distribution;

11. As to the **Other Guaranty Associations** (other than the Alabama GA, the Arkansas GA, the Georgia GA, the Utah GA, the Vermont GA, and the West Virginia GA, which six claimants are addressed above, and other than the New Mexico GA and the South Carolina GA, which two claimants had their Class II claims fully satisfied from the statutory deposit in their state), the Court hereby FINALIZES the early access distributions for the allowed Guaranty Association Class III policy benefit claims listed on Exhibit 2 to the Recommendation Report and Petition in Column 3 (entitled “Class III Early Access Payments Received”) for each such Guaranty Association in the amount set forth in that column. The Court hereby finds that as a result of the finalization of those early access payments and the partial distribution authorized by this Order, the Class III policy benefits claim of each such Guaranty Association pursuant to 18 DEL. C. §5918(e)(3) (pertaining to certain guaranty association administrative expenses) has been partially satisfied in the amount set forth in Column 7 in Exhibit 2 to the Recommendation Report and Petition, and for the Guaranty Associations which have not yet received 32% of their Class III claim through early access distributions, the Receiver shall DISTRIBUTE to each such Guaranty Association the balance due to bring their distribution to date up to 32% of their Class III claim, as set forth in Column 5 (entitled “Amount to be Distributed”) of Exhibit 2 to the Recommendation Report and Petition. As a result of the Partial Distribution authorized by this Order, all Class III early access distributions already made to the Guaranty Associations’ up to 32% of their Allowed

Class III Claims shall no longer be subject to recall or other adjustment by the Receiver to the extent needed to repay higher priority claims;

12. The **Class III Uncovered Claims on Exhibit 3A** to the Recommendation Report and Petition are hereby ALLOWED in the amount set forth in Exhibit 3A to the Recommendation Report and Petition in Column 11 (entitled “Receiver’s Recommended Class III Claim Amount”) for each such Claimant and any amount in excess of the Receiver’s Recommended Class III Claim Amount for each such claim is hereby DISALLOWED. The Receiver’s Recommended Class III Claim Amount does not include or affect any amount which such Claimant may have received from the applicable Guaranty Association, either directly or through an assuming insurer, such as the Unity Mutual Life Insurance Company;

13. The **Class III Uncovered Claim listed on Exhibit 3B** hereto, which amount is jointly owned by the **Delaware Life and Health Insurance Guaranty Association** (“Delaware GA”) and the **Hotel, Restaurant Institutional Employees and Bartenders Union – Local 26** (“Local 26”) pursuant to an Agreement, Release and Assignment dated November 23, 1999, is hereby ALLOWED in the total amount of \$449,520.26 (“Receiver’s Recommended Local 26 Class III Claim Amount”). Further, as to this claim the Court finds that the Delaware GA is entitled to the first \$119,780.00 of distributions on the claim, the Delaware GA has already received \$29,844.92 in early access distributions to date relating to this claim, and Local 26 is entitled to any distributions in excess of \$119,780.00 on the claim. Any amount in excess of the Receiver’s Recommended Local 26 Class III Claim Amount for such claim is hereby

DISALLOWED. The Receiver's Recommended Class III Claim Amount does not include or affect any amount which Local 26 may have received from the Delaware GA, either directly or through an assuming insurer, such as the Unity Mutual Life Insurance Company;

14. The **Uncovered Class III claims listed in Exhibit 4** to the Recommendation Report and Petition (entitled "Class III Claims Valued at Zero") are hereby DISALLOWED IN THEIR ENTIRETY. The Receiver is hereby relieved from any further obligation to those Claimants concerning their Class III claims. This disallowance does not include or affect any amount which such Claimant may have received from the applicable Guaranty Association, either directly or through an assuming insurer, such as the Unity Mutual Life Insurance Company;

15. The claims listed on **Exhibit 5** to the Recommendation Report and Petition are hereby ASSIGNED to the **Class VI (general creditor)** priority class and each such claim is hereby ASSIGNED the dollar value in Column 11 (entitled "Receiver's Recommended Class VI Claim Amount") on Exhibit 5, except for the claims listed as "TBD," for which the amount of the Claimant's Class VI claim is "to be determined" if and only if funds become available to pay claims in Class VI after all higher priority expenses in Class I and claims in Classes II through V have been satisfied in full;

16. The claims listed in **Exhibit 6** to the Recommendation Report and Petition are hereby ASSIGNED to the **Class VI (general creditor)** priority class and each such

claim is hereby DISALLOWED IN ITS ENTIRETY. The Receiver is hereby relieved of any further obligation to those Claimants concerning their Class VI claim numbers 944 and 1344 (the latter of which is disallowed as a duplicate of claim number 87);

17. Any and all claims of **Consumers United Group, Inc.**, the sole stockholder of CUIC prior to the entry of the receivership orders, which claims are listed on Exhibit 8 to the Recommendation Report and Petition, are hereby ASSIGNED to the Class IX (stockholder) priority class. The Court finds that the value, if any, of such claims cannot be determined until such time as all higher priority expenses in Class I and higher priority claims in Classes II through VIII have been satisfied in full.

18. The Court hereby APPROVES the Receiver's **Plan for Partial Distribution** to the **Guaranty Associations for their Class III Claims**, offsetting such Partial Distribution for amounts already received by each such Guaranty Association pursuant to the Class III Early Access Payments, so that each Guaranty Association shall receive a Supplemental Partial Distribution, if at all, in the amount set forth in Column 5 (entitled "Amount to be Distributed") in Exhibit 2 to the Recommendation Report and Petition, provided, however, that instead of separate payments to each such Guaranty Association, the Receiver shall within the later of thirty (30) days after the Court's entry of this Final Order or August 31, 2010, issue one check in the aggregate amount of \$83,021.09 to the National Organization of Life and Health Insurance Guaranty Associations ("NOLHGA") as the Supplemental Partial Distribution to all of the Guaranty Associations with Class III claims receiving a distribution as set forth in Column 5 of Exhibit 2 hereto, to bring the distribution amount to date for each Class III

Guaranty Association claimant to at least 32% of their Allowed Class III claim. The issuance of the aggregate payment to NOLHGA by the Receiver shall relieve the CUIC Estate, the Receiver, the Deputy Receiver and their representatives of any and all liability to the Guaranty Associations listed on Exhibit 2 to the Recommendation Report and Petition with respect to the allocation and distribution of those funds, and the Receiver shall be entitled to rely on the allocation of such distributed funds as set forth in Column 5 of Exhibit 2 to the Recommendation Report and Petition with respect to this Partial Distribution and any future distributions from the CUIC Estate. The Receiver may rely upon the allocation set forth in Column 5 of Exhibit 2 to the Recommendation Report and Petition for the purpose of determining the amounts distributed from the CUIC Estate for the Guaranty Association's Class III claims and upon the aggregate payment to NOLHGA as proof of payment to each individual Guaranty Associations listed on Exhibit 2 of their distributive share set forth in Column 5 of that exhibit. The Guaranty Associations listed on Exhibit 2 hereto may agree with NOLHGA and/or among themselves on a different allocation of the funds from this Partial Distribution. NOLHGA may adjust the funds to be distributed to an individual Guaranty Association provided such individual Guaranty Association consents in writing to such adjustment, which adjustment shall not bind the Receiver or have any effect on the CUIC estate's rights or obligations, and shall not be offered in evidence against the Receiver or the CUIC Estate. This Court shall retain jurisdiction to resolve any disputes between or among NOLHGA and the individual Guaranty Associations concerning allocation of the aggregate distribution payment made by the Receiver to NOLHGA, or concerning any

alleged failure of NOLHGA to pay an individual Guaranty Association its share of this aggregate Partial Distribution. The Receiver, the Deputy Receiver and the CUIE Estate shall not be liable to and shall be held harmless by NOLHGA and/or any individual Guaranty Association listed on Exhibit 2 to the Recommendation Report and Petition for any reallocation by NOLHGA and/or the individual Guaranty Associations of the aggregate amount of this Class III Partial Distribution to the Guaranty Associations, for any failure by NOLHGA to pay an individual Guaranty Association its share of the aggregate payment, or otherwise with respect to any dispute between or among NOLHGA and one or more of the Guaranty Associations concerning such distribution or allocation;

19. The Court hereby APPROVES the Receiver's **Plan for Partial Distribution** to the **Allowed Uncovered Class III claims listed on Exhibit 3A** hereto in an amount equal to 35% of each such Uncovered Claimant's Class III Allowed Claim (the "Uncovered Partial Distribution"), which distribution amount for each such Claimant is set forth in Column 12 (entitled "Distribution at 35%") of Exhibit 3A to the Recommendation Report and Petition. The Receiver shall issue each such Claimant's Uncovered Partial Distribution to such Claimant's last known address in the Receiver's records within the later of thirty (30) days after the Court's entry of the Final Order approving this Petition or August 31, 2010. All such checks shall be payable for a period of ninety (90) days, after which a Claimant which has not cashed the check shall be required to return the uncashed check to the Receiver and request reissuance of their Uncovered Partial Distribution by the Receiver. The Receiver is hereby permitted to

deposit with the Court any Uncovered Partial Distributions which remain unclaimed after a reasonable period of time but no later than the closure of the CUIC receivership proceedings;

20. The Court hereby APPROVES the Receiver's **Plan for Partial Distribution** to the **Allowed Uncovered Local 26 Class III Claim listed on Exhibit 3B** hereto in an amount equal to 35% of each such Uncovered Claimant's Class III Allowed Claim less early access payments received to date by the Delaware GA on such claim (the "Uncovered Local 26 Partial Distribution"), which distribution amount shall be allocated as set forth on Exhibit 3B as follows: within the later of thirty (30) days after the Court's entry of this Final Order or August 31, 2010, the Receiver shall distribute the amount of \$89,936.00 to the Delaware GA, and shall distribute the amount of \$37,551.17 to Local 26 at its last known address in the Receiver's records. The checks shall be payable for a period of ninety (90) days, after which a Claimant which has not cashed the check shall be required to return the uncashed check to the Receiver and request reissuance of their Uncovered Partial Distribution by the Receiver. The Receiver is hereby permitted to deposit with the Court any such distribution which remains unclaimed after a reasonable period of time but no later than the closure of the CUIC receivership proceedings;

21. For any claim not already adjudicated by the Court in response to a prior recommendation report of the Receiver and for which claim the Claimant disputes the value and/or priority class recommended by the Receiver in the Recommendation Report and Petition, the Receiver is permitted to reserve the proposed distribution amount until

such time as the value of such claim has been adjudicated by the Court. Such objecting claimant shall not receive any distribution while such objection is pending.

22. Nothing herein is intended to alter the Receiver's recommendation for the Class VII late-filed claim of the **District of Columbia Life and Health Insurance Guaranty Association** ("District of Columbia GA"), which was adopted by the Court in the Order concerning the Receiver's Seventh Recommendation Report and Petition (EFiled No. 25377718). Further, nothing herein shall affect the premium collection offset addressed in that Order.

23. It is hereby ORDERED that each Claimant listed on Exhibits 4 and 6, whose claims have been valued at \$0 and disallowed pursuant to this Order, are hereby deemed to have **RELEASED** the CUIC estate, the Receiver, the Deputy Receiver, their agents and representatives from any and all liability arising out of these receivership proceedings. Such Claimants shall have no further interest in these proceedings. The Receiver and the CUIC estate shall not be required to serve any further notices concerning these proceedings on such Claimants.

24. The Receiver is hereby authorized to require, if she deems it necessary, a tax identification number or any other lawfully required information from any Claimant receiving a distribution in order to permit the Receiver to comply with applicable Federal, state or local laws, including but not limited to the Internal Revenue Code, concerning receipt of such distributions.

25. As to any claimants receiving a distribution, if any such claimants can no longer be located, after a reasonable search by the Receiver's staff of readily available information, for the purpose of paying such claimants their distributive share, the Receiver is hereby permitted to deposit such claimants' distributive share with the Court, which deposit shall discharge the Receiver's obligation to make payment to such claimants which could not be located. Effective upon deposit of such funds with the Court, such Claimants shall be deemed to have released the CUIE estate, the Receiver, the Deputy Receiver, their agents and representatives from any and all liability arising out of such Claimants' claims, provided that until the estate is closed and the Receiver is discharged, the Receiver shall continue to assist the Court to the extent practicable in preparing to escheat the funds, if necessary, or otherwise resolve the disposition of such funds.

26. Unless otherwise provided herein, all checks to be issued by the Receiver for the distributions to be made pursuant to this Order shall be made by the Receiver on or before the later of thirty (30) days after entry of this Order or August 31, 2010, to the Claimant's last known address in the Receiver's records.

27. Any claims in excess of the amounts recommended by the Receiver in the Recommendation Report and Petition are hereby **DISALLOWED**.

28. Each claim allowed in whole or in part pursuant to 18 DEL. C. §5918(e) set forth in this Order is subject to the availability of funds for the assigned priority class pursuant to 18 DEL. C. §5918(e).

29. This Order shall have no effect on the uncovered claims of individual policyholders for whom partial coverage has been afforded by a state life and health insurance guaranty association directly or through an assuming insurer, such as the Unity Mutual Life Insurance Company.

30. Within ten (10) calendar days of receipt of this Order, the Receiver's counsel shall serve, by United States first class mail, with proof of mailing by U.S. certified mail, postage prepaid, return receipt requested, or by Form 3606 Certificate of Bulk Mailing, to the claimant's last known address in the Receiver's file, a copy of this Order on the Claimants.

31. There is no just reason for delay, and this Order, pursuant to Chancery Court Rule 54(b), is entered as a final judgment. EACH OF THE CLAIMANTS WHOSE CLAIMS HAVE BEEN ALLOWED, DISALLOWED IN PART, OR DISALLOWED IN THEIR ENTIRETY, OR CLASSIFIED, OR WHO HAVE OBJECTED TO THE RELIEF SOUGHT IN THE RECOMMENDATION REPORT AND PETITION, MAY APPEAL THIS ORDER TO THE SUPREME COURT OF THE STATE OF DELAWARE SUBJECT TO THE RECEIVER'S RIGHT TO SEEK DISMISSAL OF ANY APPEAL FOR WHICH OBJECTIONS WERE NOT TIMELY RAISED IN THIS COURT. SUCH APPEAL MUST BE FILED WITH (RECEIVED BY) THE CLERK OF THE DELAWARE SUPREME COURT WITHIN THIRTY (30) DAYS OF THE DATE OF THIS ORDER. IF YOU FAIL TO FILE A TIMELY APPEAL, THIS DECISION WILL BECOME FINAL. Any stay of this Order pending appeal must be the subject of a separate application to this Court and any such stay by any of the Claimants

whose claims are subject to this Order shall apply only to such Claim and shall not act to stay the applicability or finality of this Order with respect to any other Claim subject to this Order.

32. This Court shall retain jurisdiction over any matters relating to the implementation, interpretation or enforcement of this Order.
